The *menu of Emperor's Garden Restaurant* from Haymarket includes **116** courses. On average the **courses or drinks on [the menu](#)** cost approximately A\$21. You can view the categories on the menu below. Emporers Garden in Chinatown, once a popular spot, has sadly deteriorated with below-average food, tired decor, and poor service. On the other hand, the restaurant remains a hot spot for both locals and tourists with a bustling atmosphere and a great selection of yum cha options. While some dishes may fall short, the prawn dumplings and tofu parcels stand out as delicious choices. The bill can add up quickly, but overall, it's a good place for a satisfying Chinese brunch. In particular, the beef brisket curry receives high praise for its tender meat, creamy curry, and flavorful potatoes. While prices may not compare to dining in Hong Kong, the generous serving sizes and variety of dishes make this spot worth a visit for a tasty meal.
